- 75.11 CHILD MARRIAGES**
- 75.12 MARRIAGE AS AN ECONOMIC PARTNERSHIP**
- 75.13 ECONOMIC EQUITY AT MARRIAGE DISSOLUTION**
- 75.14 REUSABLE CONTAINERS**

75.1 ALCOHOL: ADVERTISING AND EDUCATION

- To take the initiative in abolishing all alcohol advertising which goes beyond naming the product and its producer
- To carry out a wide-spread and realistic educational programme on prime time television, radio and other mass media
- To show the price that all citizens are paying in money, tragedy and death, for the privilege of consuming ever-increasing amounts of alcohol;

75.2 ALCOHOL: INCREASE IN VARIETY AND NUMBER OF OUTLETS

- To curb the increase in the variety and number of alcoholic beverage outlets;

75.3 BUREAU OF CHILD DEVELOPMENT

- To establish a bureaux of child development
- To promote models for child development programs of high quality through assistance, innovative research and leadership;
- To act as a public resource and information exchange centre on all matters pertaining to the child and the family
- To provide leadership in the coordination of services and responsibility at other levels of authority
- To cooperate with the coordination of provincial and federal services for the child and family
- To advise the government on matters relevant to the child and the family
- To regularly report on the Canada-wide position reached in relation to Canada's commitment to its children.

75.4 ACCOMODATION FOR THE PHYSICALLY DISABLED

- To encourage the availability of innovative and dignified residential care and
- To subsidize its use for those economically deprived
- To make available, suitable housing and apartments (new and renovated) for the partially physically disabled to help them to maintain social and /or economic independence
- To require municipalities to make available suitable housing for the physically disabled.

75.5 ECONOMY: TEACHING ABOUT THE FUNCTION OF

- To explore, as a matter of urgency, all ways and means of ensuring the students in Ontario schools have an adequate understanding of the functioning of the economy
- That, in view of the subject selection system at present in force in Ontario schools, special emphasis be placed on its introduction (economy) at the primary, elementary and intermediate school levels by incorporating it into the appropriate courses, already existing in the curriculum

75.6 EDUCATION FOR OPERATING A MARRIAGE PARTNERSHIP

- To institute mandatory instruction in family property laws, marriage contracts, credit, mortgages, insurance, banking and investments
- To commence in Grade 7 and 8 and to be continued in the secondary, and these incorporated into courses already in the curriculum.

75.7 STEREOTYPING

- To take the necessary steps, through the Ministry of Education, in order that text books and other media provide students with educational aids, which do not stereotype or belittle anyone in regard to sex, creed, race, age or status, but encourage development of individual human potential

75.8 HIGH-RISE FIRE SAFETY

- To incorporate the provisions of the National Building Code as the minimum basis for Ontario Building Codes.

75.9 INCOME TAX COLLECTION

- To advise the Province of Ontario of strong opposition to changing the income tax structure.

75.10 INTEGRATED FAMILY COURT SYSTEM

- Zoning for land with high potential for agricultural production to investigate the feasibility of establishing an integrated Family Court System.

75.11 CHILD MARRIAGES

- To revise Legislation regarding the permitted age for the solemnization of marriage, by the implementation of recommendations of ***Part II, Report on Family Law-Solemnization of Marriage.***

75.12 MARRIAGE AS AN ECONOMIC PARTNERSHIP

- To proceed with careful deliberation toward legislation to make the principle of marriage, as an economic partnership, a fact
- That the legislation as to matrimonial property regime under study by the Attorney-General's Department should apply to all marriages now in existence, but
- Couples may opt out of proposed matrimonial property regime and make their own contract, or revert to the present system, but must provide witnessed evidence of separate independent counselling and make sworn legal affidavit as to the plan chosen; that in the case of a marriage breakup
- Marital fault on the part of either spouse should not be a factor in determining the division of assets.

75.13 ECONOMIC EQUITY AT MARRIAGE DISSOLUTION

- To proceed with careful deliberation toward legislation to make the principle of marriage, as an economic partnership, a fact
- That all assets, gained during marriage be shared equally during and at the termination of a marriage, with the exception of third party gifts, or bequests, as designated by the donor
- That care and upkeep of the matrimonial home should be shared by both partners, each according to his or her means and ability, thus removing full responsibility for same from the husband
- That each spouse should support the other, according to his or her reasonable means
- That families with farms or businesses incorporate, so that in the event of a marriage breakdown, a spouse can draw an income without breaking up an enterprise

- Exceptions to be permitted on the advice of legal counsel to each spouse independently,

75.14 REUSABLE CONTAINERS

- To institute measures to ensure that all beverage packagers start to standardize containers at the earliest possible time with the aim of having said containers returnable and reusable
- To encourage all sectors of industry which use packaging to move towards standardized, returnable and reusable containers.
